

Carcinoid NeuroEndocrine Tumour Society Canada
2009 Walk for Carcinoid Neuroendocrine Research

Mission Statement

Building towards a cure for NeuroEndocrine Tumours and Cancers through Research, Education, Awareness and Support.

June 2009

Joanne Ferguson – Lung Carcinoid Cancer Patient

Joanne's Walk will take place on Sunday, June 14th at 10am in Kalamalka Park in Vernon, BC. I hope to get many, family, friends and neighbours to join me in my walk. We will meet in the large parking lot at 9:45 am and walk approximately 2kms, along the shore of beautiful Kalamalka Lake, to Rattlesnake Point and back.

I am so excited to be on the forefront of helping to raise money for NeuroEndocrine Cancer Research.

The Goal of The Carcinoid NeuroEndocrine Tumour Society (CNETS) Canada is to raise \$60,000. **The Cancer Research Society of Canada, will double CNETS Canada's contribution to \$120,000.**

We urgently need to do research to create better prospects for Carcinoid NeuroEndocrine patients.

My personal goal for my walk is \$500.00. I am hoping you can support me with your sponsorship online or through a cheque.

If you would like to contribute on-line, you may do so at www.cnetscanada.org by using the Donate Now through Canada Helps button on the upper left side of the page. You will be taken to our donation page where you will see a dedicated line for Joanne's walk. Or you can write a cheque to **CNETS Canada**, the address is above. **Tax receipts are provided instantly through on-line donations and will be mailed or emailed for donations made by cheque.**

Thank you for your support, together we will make a difference.

Joanne Ferguson
Vernon, BC.
