

Carcinoid NeuroEndocrine Tumour Society Canada  
2009 Walk for Carcinoid Neuroendocrine Research

**Mission Statement**

**Building towards a cure for NeuroEndocrine Tumours and Cancers through Research, Education, Awareness and Support.**

June 2009

Dear Friends,

Carcinoid NeuroEndocrine cancers are rare cancers that often go undiagnosed for many years. CNETS Canada is looking for your support to help us raise **\$60,000.00** to support Carcinoid NeuroEndocrine Research through the Cancer Research Society.

<http://www.src-crs.ca/main.php?lang=2> . **The Cancer Research Society will double CNETS Canada's contribution to \$120,000.00.**

We urgently need to do research to create better prospects for Carcinoid NeuroEndocrine patients. So, I have arranged a Walk for Research which I have called **Laurie's Walk for Research**.

**My personal goal is to raise \$500.00 from my Walk.**

On **Sunday June 14th, 2009 at 11:00 a.m.** I will be walking from the Outdoor Centre at the Little Cataraqui Conservation Area. We will follow trail loops 1, 2 and then 3 back again (The Pine, The Hemlock and The Sugarbush loops). The hike is approximately 5 kms and will take an hour and a half.

If you would like to contribute on-line, you may do so at [www.cnetscanada.org](http://www.cnetscanada.org) by using the Donate Now through Canada Helps button on the upper left side of each page. You will be taken to our donation page where you will see a dedicated line for **Laurie's Walk**. Tax receipts are provided instantly through Canada Helps. You can also donate by cheque to the address above. All contributions over \$10.00 are tax deductible. Official tax receipts from mailed cheques will be emailed or mailed. Please provide complete address information on a separate sheet of paper.

**I have attached some pledge sheets if you would like to help raise funds for my Walk**

Thank you. With your support, there is HOPE.
